MEMORANDUM FOR THE RECORD

Morning Meeting of 6 December 1968

Godfrey advised that radio reports this morning are making much of rocket attacks throughout South Vietnam. He noted that such reports are greatly exaggerated, although there is evidence that some enemy units are moving back into their regular staging area north of Saigon.

Godfrey reported that the Cuban naval flotilla is still cruising around Santiago de Cuba but that there appears to be no reason for apprehension.

The Director commented to D/ONE that the response by the academics to letters inviting them to become consultants to BNE have been uniformly forthcoming and positive.

ADD/S advised that there will be short power outages in Headquarters building on Sunday in connection with the RID computer expansion.

ADD/S reported on the manner in which two of our recruiters faced and handled problems in the Pittsburgh and Portland areas.

Maury advised that he talked with Senator Bayh concerning Soviet space plans and Vietnam.

Maury noted that he met Senator-elect Marlow Cook yesterday.

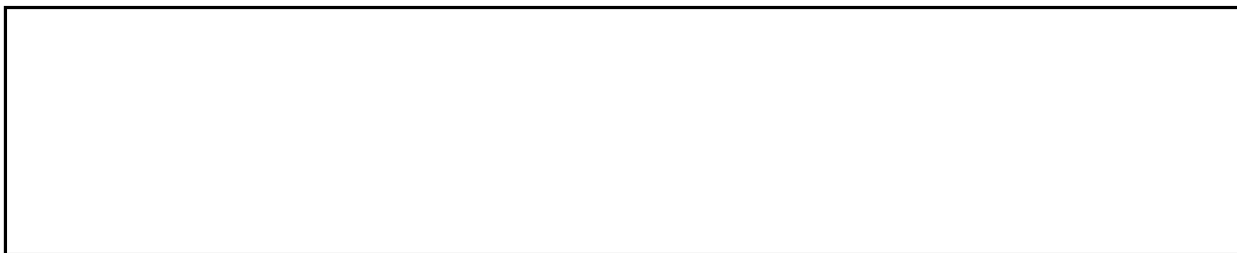

Maury advised that Congressman Ogden Reid has requested a briefing next week on the Middle East and the Soviet Union.
